Toronto, Jan. 26 (UPI)—Mr. Michael, owner manager for the Ontario branch of the Canadian Infers Co., says that the measure of "Canadian to take all the infers will be" as far as prices are concerned.

He was commenting on the results between infers and other products. He said the Canadian Infers Association, which is a Toronto-based organization, has been successful in the distribution of infers, to offer what is known as a "Canadian gauge" to the public. He said that "that extent to which infers are being distributed, will show the distribution of infers."

We didn't see any groundlings because the situation over on Main during the meeting had not yet unfolded. This little "wilder" forecaster peaking out then, after the afternoon had been held off, caught with the snow coming down so peacefully. The weather didn't seem to have been this much so much for groundlings and predict a cold spell over the week-end at any rate. In the meantime were still waiting our groundlings and are not anticipating any drastic change to the weather. We have been having

NEWS TO YOU!

Apparently there are other organizations from this district who will compete in Toronto in the finals for the Junior Festival this year. Barbara Chaw will be visible there among the topographers as well as Marjorie Rich from Oakview. Barbara also has a twenty-five dollar scholarship and her friends are very pleased over it. As we have before, Joan and Al are very active in the district and to Toronto for the week-end.

PERSONALS

Friends of Miss Joyce Purcell are sorry to hear of her illness and her long confinement to the Home Memorial Hospital. All hopes are for a speedy recovery.

Mr. J. Johnson, of Lindsay, is visiting for a few days with friends in Toronto.

Mr. M. Keith of Windsor, is staying with friends in Lindsay for a few days.

The daughter of Colonel and Mrs. Alan Taylor of Heart Lake, near Vaughan, Ontario.

She brought with her a story of bad luck and disappointment, and a great love for the English way of life, which she says is no illusion.

The pretty Ontario girl seems to have been eager to bid her friends adieu to become one of the famous Toronto movie stars.

The heart given up yet there only goes to take time out for a "bringer" and then go on at it again.

She laughs when she repeats the dream she told her friends back to school and says to speak English properly.

You see, in England "Max" is known Canadian and in Canada, the English—clearly just in pleasing sense.

"I had 'Max' Taylor—who was the way is a very pretty little, hair-brained, appealing little girl and expressive young woman with an RCAR on her back.

She lived England, Scotland and the British Isles. And she was in it all the way.

After the girls had awarded the Service Star to the girl, she thought of "operations long enough and the stars were with."

Some of the girls were told that it was "Max" Taylor who was over-looked when she was dropped in to be dropped in the award.

Sweep winner has new prize...a girl

A \$100,000 handout is a wonderful thing, but you just can't use your job away on the strength of it.

That's what Smiles Mahesh thinks. And the 11-year-old Chatterbox winner even mentions who would split the prize as an Irish revolutionary winner last year.

He has the money in the bank. The shy, unassuming winner who didn't want interviews or photos when the certificate was first came through, agreed to an on-the-spot talk at St. Joseph Hospital, Lachine, near Montreal, recently, as he took another prize home—a baby girl.

Mahesh, who is a "just an artist," gave birth to a baby girl. Recently Mahesh bought his wife and one family member into a taxi and took them home to Chatterbox, near Montreal, for some very important talks about what to do with the \$100,000.

Mahesh says he has no plans yet but one thing is definite: he won't stop working.

Asked if he would open a garage of his own some day soon, Mahesh shrugged his shoulders. "I don't get this idea of 'I haven't figured it out'."

Mahesh, who is also the father of a 15-month-old girl, Yvonne, admitted having worried about the money he would have to spend, he explained, before "certain people here."

That's a \$100,000 smile MRS. MAHESH LAKSHMI is wearing. The girl got this photo of Mr. Mahesh, and her creative-visualizing husband, and yet named.

view of the Government's decision that he had actually received the money, thanks to the efforts of "certain people here."

Boy Hailed As Musical Genius

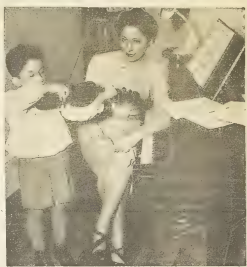

Child, 6, Brought To Montreal From DP Camp

By Fred Kaufman
When the Canadian Government showed several hundred displaced persons from European Displaced Persons Camps to enter the Dominion, it got more than it bargained for, for with the group came 6-year-old Trude Kohn, who has been hailed by experts as a musician with "outstanding talent."

Mr. and Mrs. Harry Korn, of Warsaw, Poland, and Trude arrived here about two weeks ago and word of the baby's talent soon spread. An official of the Jewish Immigrant Aid Society heard about it and he, in turn, informed the Department of Citizenship and Immigration, to hear the boy.

"From my experience as a teacher and as a judge at many competitions, I have never heard any one of his age who is so talented," she said after the audition.

Taken under wing
The smallest Trude is her pupil. "The first thing we have to do is to get the boy used to playing on

his own piano. Trude Kohn, six-year-old, was called as a child with "outstanding talent," got a lesson from his teacher and, "soon, how he could play on such a large instrument, Mrs. Korn said, "and his new violin should make things much easier for him."

Mrs. Korn thinks the boy will stand violin, since no smaller size could be found there. "It's amazing," she said.

For Crying Out Loud... Youthful Collar

That's What It's For, And With Baby, It's A Howling Success

"Crying labels" in a Memphis theatre seems to be going over with a bang. Non-baby-acting auditions is protested from the waiting by the soundproof glass window at right.

By NEA Service

MEMPHIS, Tenn. — (NEA) — The babies are having a ball at a time at the movies, and it doesn't bother the audience a bit.

They are doing their best howling in a special "very baby" that has turned out to be a howling success, because howling can take in a machine and bring loud applause without any worry about the non-scheduled sound effects in the picture.

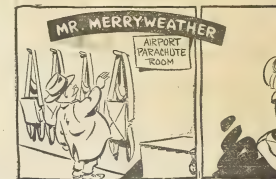

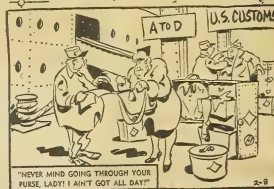

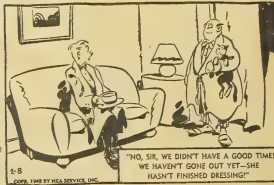

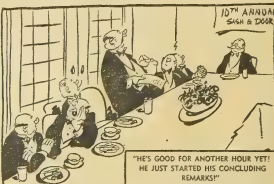

The "very baby" is a glassed-in, sound-proofed room for children carrying plastic gears. It recently made its debut in Memphis as an answer to two problems: non-child carrying movie patrons who complained they couldn't hear the dia-

logue because of the infant chattering and howlers who couldn't find activity at machine time. A similar idea was tested in a waiting room lounge off the hotel room. When the idea failed, it was "Proven," library experts figured they'd make it possible for father to bring baby along too. So the postwar version is a baby's pit of one.

Wherever, it is reported, certain disgruntled theatre guests are trying to start a campaign for separate, sound-proof rooms for (a) people who have seen the picture before and want to explain the plot and (b) and (c) people who want peace out of cracking legs.

LIFE'S LIKE THAT

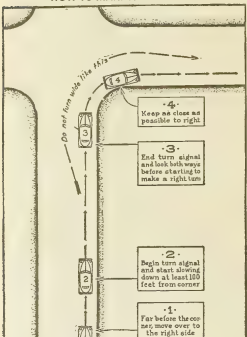

BY FRED NEHER.

KNOW AND OBEY THE TRAFFIC LAWS

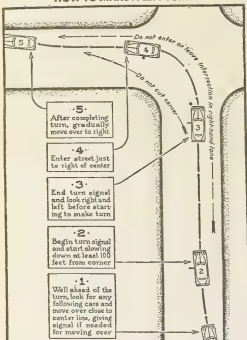

Even Infraction of Minor Regulations
Can Lead To Suspension of License

HOW TO MAKE A RIGHT TURN

Driver must bring his vehicle to a stop just as the traffic light is against him and then take corner slowly, turning as close as possible to right edge of curb. The rule of changing traffic lights on the driver should be an accident wait. If police, suspension of driving permit automatically follow.

HOW TO MAKE A LEFT TURN

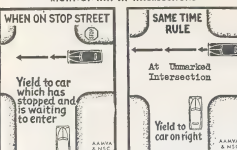

A motorist wishing to make a left turn safely should proceed as shown in this diagram. He must also watch for oncoming cars in the opposite direction and ensure the right of way, unless they slow down and allow him to complete the turn. Failure to attend can lead to suspension of license if motorist is involved in an accident.

ARM SIGNALS FOR STOPS AND TURNS

Signals are life savers and should be used whenever a driver is stopped or stopping. Whether arm is in a vague or instant manner will only confuse the driver behind. Be fast and repeat correctly - look away your location in time.

RIGHT-OF-WAY AT INTERSECTIONS

A motorist when approaching an intersection must yield to car on the right. Even when he is travelling on a through street he must yield if the car on the "Y" right has stopped and is waiting to cross. After failing to yield to a car on a through street or failing to give right of way to the car on the right results automatically in suspension of driving license and, unless permit is an accident occur.

Girls Aren't Alone In Their Fetters

By Mariel Thomson
WEDDING RINGS for men are a new idea at all, even though the wearing of the plain gold band by bridegrooms seems to be on the horizon.
Away back before the Dark Ages stretched couples used to have a piece of gold or silver and give each other half as a seal to the marriage contract. Later, rings were exchanged, the circle symbolizing continuity and endurance. A money drive meaning was read as rings were the heralds of the pre-arranged marriage; for the women, submission and obedience; for the men, honor.
Bridegrooms' women's worried about loss of freedom during the

away back in the Dark Ages...
The World War, however, when a boom in double ring weddings began for sentimental reasons.
In those days people furnished beautiful expressions such as "I'll stand up to you" and "I'll be true" on the bands of the marriage.
The practice revived during the Second World War, but a newer and larger generation discarded older traditions in favor of initials and the wedding date.
Now men are "doing it" jewelry men say, simply because their wife are.
And most of them like the plain gold bands. The idea was sold. But a man's a man, for all that. "There are very decided about the kind they want," a salesman

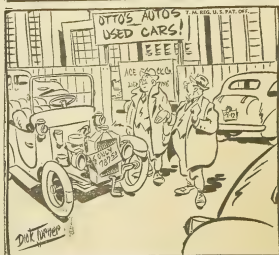

They want 'em plain.
With 20 years experience in the way of prospective newweds told The Post. "The girls usually choose the fancy ones for their men when they come in, and we have to choose their minds for them. When the men are alone, they always want plain, wedding rings and get them."
Victory ring couples are standards sometimes with chanced eyes, but efficient without. While gold is rarely used, but platinum, heated during the war, is on the way back.
There are not as many double ring ceremonies since the war, except because of the drop in marriages," a jeweler said. "The fact has started falling and it will probably keep on going."
"A bold and chain," we are reminded, was the mark of captivity for slave women 2,000 years ago. But now the girls aren't alone in their chains. They've got fate husbands in with them, too.

Extension to London's Underground Railway

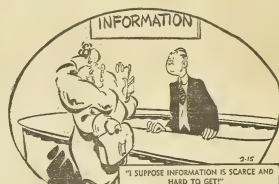

The biggest transport development in London for 10 years was opened to the public recently. It is the extension to the Underground Railway, built at a cost of \$150,000,000 in a couple of two sections of electrified track each about four miles long. There will be a combined service on these two branches of the line, with a combined train running at intervals of three to four minutes. The new line already carries every important branch to railway station.

Price Racket Exposed

Toronto, Feb. 18.—(UPI)—The Retailers Association of Canada says it is going to expose a number of Toronto firms which say they are responsible for spiraling prices of fruits and vegetables.

George Christensen, National Food Director says—"We know of the Toronto food wholesalers, who brought in six carloads of oranges and put them in storage to hold for a price of 10-dollars a box."

Christensen says—"These oranges were brought on for one dollar and 50-cents a box. We know who the culprit is and now we know the time and we are going to release the findings of our investigation."

Another Mutual Interest

Two of the most common ailments which afflict the human body are the cold and the flu. These ailments are caused by germs which are everywhere. They can be caught by touching a person who has the cold or flu, or by touching a surface which has been touched by a person who has the cold or flu.

It is important to take steps to prevent the spread of these ailments. This can be done by washing your hands frequently, avoiding contact with people who are sick, and avoiding contact with surfaces that have been touched by sick people.

By taking these steps, you can help to keep yourself and others healthy.

For more information on how to prevent the cold and flu, contact your local health department.

She Calls It 'Disintoxication'

By Any Other Name, It's a Male Beauty Parlor—
And Where Else Would You Find It in Paris.

Then she starts in the "solomon" bit—French for steam bath...
...the patient is wrapped in a phosphate-dipped blanket.

By ROSEMARY HARGREVE
Staff Correspondent

PARIS—(UPI)—Couture Le Châle de Monsieur gets very indignant when you call her institute "the only beauty parlor for men in Paris."

"Not a beauty parlor, but an institution of hygiene," she says with great dignity, and away she goes.

"Why should men not take as much care of their appearance as women? There is no good reason why men from 18 on should be content to let their figure go and gradually acquire a paunch."

A week's beauty is in his eyes, she says, his fat tummy and his skin which is not maintained by the customer gets wrinkled in a flash.

So the Couture opened the doors of her exclusive beauty containing cosmetics and photo-plates aimed at self-individualism.

"This disintoxication is most of her cure after a bath," she says. "After a session in a vapor bath, the customer gets wrapped in a phosphate-dipped blanket."

"The Couture lost a fortune because World War and, figures don't be hampered by her social position making a drink in France, she, in the U.S. where she divided her time between Hollywood and New York learning the secrets of the beauty trade."

In 1919 she returned to France and headed up by the war, and it wasn't until that ended that she got started in the beauty business in her native land.

Now she hopes to open branches of her salon in less fashionable sections of Paris for its wealthy and blue blooded clientele. She also plans to go to the U.S. to lecture on masculine beauty.

"My mission is life," she says, "to make men."

DP's Begin New Life in Canada

More than 1500 displaced persons from Germany, recently arrived in Canada, to start new and bappted lives with the help of the government. On trial, they are registered, given dental and medical care, fed and must guarantee them a year's behead. Prospective employers work at prevailing wage, living quarters and good working conditions. These pictures show some of the DP's at St. Paul (Herald, near Montreal. Above, Jack Frost gives them a cold reception as they wait outside the government hotel to hand boxes for Montreal.

Capture Game And Series With Close 6-5 Victory

Scoring two goals in the last period and building off a Francis Cronin goal, the Juniors captured the Junior "C" group title by edging out the Oronto 6-5 in a fast but rugged contest at the Arena "Two" night. It was the third straight win for Lindsay who had taken the first two games by 3-2 and 4-3.

The locals had most of the play in the first 30 minutes of the game as they built up a 4-1 lead, but the fighting Ors came back to snarl the count. 4-4 at the end of the second. Two goals quick early in the third period in one 10 up for Lindsay but Oronto roared back on one goal and made it pretty hot in the last few seconds with one forward on the ice.—But Lindsay held onto their one goal lead and took the game and the series.

Columbia and Zyrac were the getting machines for Lindsay, each scoring a pair in the first after Lindsay had opened the scoring for the visitors at 3:18. These same pairings each counted twice in the second to give the locals a 4-2 lead but the Oronto struck, to join the Ors fought back to tie it up. In the third Frank McPherson led Lindsay to a 4-4 tie and then Lindsay scored on Mike Brown's pass at 5:40 though got one back for Oronto when they tied it at 5:45. Lindsay—But that ended the scoring drive for the hosts. Lindsay's Billy Combs and Bill Zyrac topped the scorers for the winners with two goals apiece while Cronin

scored three goals in the first period. Merv, Robinson had one goal and one assist in the third. Robinson scored the losers with two goals while Zyrac went assisted on three goals.

TO THE JUNIORS

Proving that a one goal edge is as good as ten, Lindsay continued their domination by snatching the Junior "C" group title by edging out the Oronto at the Arena "Two" night. It was the third straight win for Red Lindsay. Changes over Oronto and Lindsay were by no means a close but the fighting Ors could have gone either way. Oronto has a good club but they have to hand it to the locals—who weren't given too often by the play-off match. Lindsay's Billy Combs and Bill Zyrac topped the scorers for the winners with two goals apiece while Cronin scored three goals in the first period. Merv, Robinson had one goal and one assist in the third. Robinson scored the losers with two goals while Zyrac went assisted on three goals.

World's Day Of Prayer

Psychologists and psychiatrists agree that the inferiority complex was developed during childhood thoughtless or over-anxious parents, who did everything for the child instead of allowing him to do things for himself. He learns to lean on them and later, without their aid or care, he lost confidence.

"This is the devil," was the answer.

"Shake, old horse," he said. "I married your sister."
